Editorial Introduction

This issue of the Independent Journal of Management & Production (IJM&P) is launching another Special Edition in partnership with the Organizing Committee of the 5th International Conference on Logistics and Operations of IFSP- Suzano (IFLOG), held by the Federal Institute of Education, Science and Technology of São Paulo - Suzano Campus, in October 2019.

The IJM&P and IFLOG partnership, to publish this SPECIAL EDITION, aims to promote the most relevant papers presented during V IFLOG, showing the results of the best of the research carried out and presented during the event.

We congratulate all the authors for the papers presented during V IFLOG and that, by merit, had their papers accepted in our journal in English. We would also like to thank the scientific committee of V IFLOG for its support, from the selection of the best works to the finalization of the publishing process.

In Table 1 we present some information about the event showing its evolution.

We hope that our effort in publishing this Special Edition will be useful to all our subscribers, as well as to the international scientific community. In desire that the IJM&P and IFLOG partnership continue to yield positive results for Brazilian research in the most diverse areas, we are currently working on the organization of the 6th edition of the Conference – VI IFLOG. We invite researchers to submit theirs papers and soon we will be releasing more information about the next edition.
